Anyone elses family just think we're just a bunch of larpers and nothing will happen on the 6th? My family doesn't seem to give a fuck about the fraudulent election or China being a serious threat under a Biden presidency. ([media.patriots.win](#))

19 ▼ Yep. Some have said I'm all talk. If it goes down, I'll fight to the death. Period.

19 ▼ Most people are clueless. Seriously. We have a largely uninformed, ignorant electorate who are more interested in watching Dancing with the Stars, some Ryan Seacrest horseshit, or the Mandalorian or the NFL and maybe a little CNN, MSNBC or Fox just so they can convince themselves they have a clue.

14 ▼ I can see why our government is so fucked.. We The People seem to not give a shit about our freedom anymore. "Oh, Is uncle Sam increasing taxes again? Oh well, Time to bend over some more no biggie." Government giving away our tax money to foreign countries AGAIN? Oh well, Can't do nothing about it So, When do we say ENOUGH IS ENOUGH?

Well, I might be able to sympathize. I'm getting older, and I've seen how American politics, particularly being on the Right goes. For one, protests don't mean shit. They never did. You can shout at the moon for 150 days straight and the politicians are going to change absolutely nothing. Occupy Wall st a good example. Secondly, we're Republicans; we lose every time. Even when we win, we lose. Name a win. Obamacare, the wall, iran, china, all these things and more, none are finished. Losing is exhausting and you get used to it.

I don't think you read my response. I didn't say losing meant I was going to become a communist.

4 Just tell them to take the shot, wear the mask, and get into the train car. History is full of them.

4 Older generation is still hooked on Fox News and local news. They can't wrap their heads around this bad vaccine and China commie threat. When I talk to my cousin about everything he tells me his girlfriend is the only one he knows who sees what's going on and is warning him, she grew up in Communist Poland.
